Tana Poppino Featured in New Barrel Racing Instructional Video From Winning Runs

July 14, 2009 .. Professional barrel racer Tana Poppino is featured in the latest barrel racing instructional video produced by Winning Runs. Excerpts of the video can be viewed at www.winningruns.com and the entire DVD can be purchased from the company as well. Tana, a WNFR finalist in 2006 and 2007 has also taken top prize money at major rodeos such as the Calgary Stampede The National Western Stock Show Rodeo, Cody (WY) 4th of July Rodeo, Oklahoma State Fair, Louisiana State Fair and the Sand Hills Stock Show Rodeo (Odessa TX). Most recently, she won the BBR Finals 1-D Championship.

In the new video, titled Countdown To Winning, Tana talks about the care and handling of horses on the rodeo circuit taking the viewer through the routine she follows from the time she arrives at a rodeo until she trailers her horses to travel to the next one. She demonstrates with her two rodeo horses Amigo and Goose.

Tana describes how she varies her routine for Goose and Amigo who she describes as two very different horses. "Goose works the pattern in a more classic style, is laid back and often needs more encouragement to work," she says. "Amigo is "anything but classic. He is a hair-triggered horse who's warm up and routine is geared more toward keeping him calm and under control."

Tana also takes time to discuss the importance of a strong routine and knowing your horse, hauling tips and preparation, bit and protective boot selection, feeding and supplements.
